ARTICLE 24 – HEALTH AND HEALTH SERVICES

Every child has the right to the best possible health.

Governments must provide:

- good quality health care
 - clean water
 - nutritious food
- a clean environment

education on health and well-being
so that children can stay healthy.

OUTRIGHT 2022/23

OutRight is UNICEF UK's annual youth campaign. By signing up to this year's campaign, you can learn about and campaign on all children's **right to the best possible health**.

We all want to feel as well as possible, mentally and physically, but this isn't possible for many children. Half of the world goes without access to the healthcare they need, so there are millions of children who can't visit a nurse when they're poorly or may miss out on vaccinations.

Through free learning activities, campaigning and live events, discover what we can do so that all children have their right to the best possible health fulfilled.

HOW CAN WE HELP?

- Bring donations of food and toiletries for Harvest festival next week.
- When you go food shopping, ask parents if you can buy something to donate to the food bank.
- Try not to waste food – eat your school dinner!

REFLECTION

When did you last
help someone?

How did it make
you feel?
