

## Parent Consultation Feedback Survey March 2022

### You told us...

### So we will...

**79%** of you were **fully satisfied** with your experiences of our parent consultations and **21%** of you were **mainly satisfied**.

Continue to do what we are doing well in these consultations – sharing your child’s strengths and areas for development but also carefully consider the helpful suggestions made to further improve these meetings.

**48%** of you would prefer a **virtual consultation** whereas **52%** would prefer **face to face meetings**

Continue the face to face ‘Meet the Teacher’ sessions in September.  
For your next parent consultation day in the autumn term (typically in November) , we will offer virtual meetings throughout the day.  
In the spring term, we will offer face to face appointments where you can get an opportunity to look through books and discuss your child’s progress.

**79%** of you told us that you felt the consultation times were ‘**just the right length**’.

In order to maximise the amount of time your child’s teacher spends teaching your child, we try our best to fit all of the consultation appointments into one day.  
Most of your responses suggest our teachers are able to give you enough information in the time currently available.  
You are always welcome to email or call the school office to arrange a time for your child’s teacher to answer any other questions you may have following the consultation.

**97%** of you indicated that you **understood your child’s current attainment** and were **aware of key targets for their future development**.

Continue to share a summary of your child’s progress and attainment in the clear and supportive manner in which we have done so on this occasion. At the end of next term, you will receive your child’s annual written Record of Achievement which clearly outlines their strengths, successes and areas for future development in the curriculum areas taught at Carlisle Infant School.

You are keen to **see your child’s classroom and the work they have been completing in school**.

Invite parents in to school in the summer term to join them in a session and give you a flavour of what your children learn at Carlisle.  
Do a ‘book share’ session to enable parents and children to look through their work and discuss achievements.
