Representing the School in competitive fixtures

When the school has competitive fixtures against other schools, children will be chosen from this club to represent the school.

At this club, and when representing the school sports teams, we will be championing a range of principles including determination, cooperation and collective success.

In order to represent the school, prompt attendance and a continued team mentality is expected. We understand that attendance may not always be possible, and if this is the case please notify TeamMates. However, if your child is unable to maintain these expectations, they will not be able to represent the school competitively.

We will strive to create an environment which will allow every child to achieve their potential and enjoy their sport, while maintaining a competitive and hard-working attitude.

We will adopt our usual ethos and convey to our squads that:

We must aim for success* - not winning.

No individual supersedes the team.

Your best is all we ask for.

****Success – Happiness in your heart because you know you did your best.***
